

# ENVIRONMENTAL STATEMENT

WFL(UK) Limited and all our employees are fully committed to Environmental Protection and will:

**COMPLY** with all relevant laws and regulations

**DESIGN, CONSTRUCT, OPERATE, MAINTAIN** and **DISPOSE** of our assets in a safe and environmentally sound manner

**REQUIRE** contractors to operate Watson facilities to the same high standard

**RESPOND** quickly and effectively should environmental incidents occur involving facilities, equipment and products under Watson control

**TRAIN** and encourage all employees to perform their jobs consistent with this Policy

**CO-OPERATE** with enforcing authorities

**COMMIT** sufficient financial and other resources to maintain our policy

**MAINTAIN** an excellent reputation in these fields

Everyone is responsible for our Environmental performance. I believe we all have an inescapable responsibility to protect our Environment. I am committed to ensuring that these aims are met.

The Environmental management system will provide the framework for setting Environmental objectives which will be reviewed on a regular basis. In addition, the Environment policy will be formally reviewed on an annual basis to ensure it remains relevant and appropriate.
